

According to the U.S. Chamber of Commerce, even a modest scenario would result in the loss of 6.2 million to 24.3 million jobs across the country. As a small business owner who benefited from private equity when growing my business, I know the value of these types of organizations that provide support and really give a way forward for companies trying to grow.

BRINGING ATTENTION TO HUNGER AND HOMELESSNESS DURING NATIONAL HUNGER AND HOMELESSNESS WEEK

(Mr. TAYLOR asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TAYLOR. Madam Speaker, each year during the week prior to Thanksgiving, communities across the country come together to bring awareness to the problems of hunger and homelessness.

Today, I want to recognize the Collin County organizations that work to end hunger and homelessness throughout our community.

Today, there are 42 million Americans facing hunger on any given night, and more than 194,000 people will sleep on the street.

While these numbers are sobering, we are incredibly grateful for those in our community who work to ease the suffering of others, organizations such as the Collin County Homeless Coalition, the Family Promise of Collin County, North Texas Food Bank, Minnie's Food Pantry, and Hope's Door New Beginning Center, Allen Community Outreach, and many, many others who work year-round to take care of those less fortunate.

Through these organizations, volunteers, businesses, and faith communities come together to provide necessities like shelter and nutritious meals. They go above and beyond to ensure those in need have access to basic medical care and hygiene products and even provide training and placement resources for those struggling with homelessness.

PEOPLE ARE TIRED OF CONGRESS SPENDING TAX DOLLARS ON A POLITICALLY MOTIVATED IMPEACHMENT CHARADE

(Mr. MEUSER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MEUSER. Madam Speaker, yesterday's public impeachment hearings produced some noteworthy facts. Representative MIKE TURNER's question of Ambassador Volker took apart the Democrats' entire case. Volker confirmed that President Trump never said that Ukraine must investigate the Bidens in order to receive defense aid from the United States.

Further, Representative ELISE STEFANIK's questioning of Tim Morri-

son showed there was no quid pro quo, no bribery, no extortion, and no mention of withholding aid in exchange for investigating the Bidens.

Witnesses have repeatedly stated that no quid pro quo, no bribery took place. These facts, which indeed clear our President, do not change. Meanwhile, President Trump continues to be denied basic due process rights.

Democrat leadership continues to put politics before the people obsessing over impeachment and refusing to work on policies that would actually benefit the American people: ratifying the USMCA, permanently extending the 2017 tax cuts for families, and lowering the cost of prescription drugs.

The people are tired of this Congress spending their tax dollars on a politically-motivated impeachment charade.

WE SHOULD WORK TOGETHER TO COMBAT CANCER

(Mr. KELLER asked and was given permission to address the House for 1 minute.)

Mr. KELLER. Madam Speaker, November is Lung Cancer Awareness Month, an important time for us to highlight the need for more research and better community awareness on this disease.

The statistics surrounding lung cancer are astounding. Approximately 541,000 Americans living today have been diagnosed with lung cancer at some point in their lives. While the rate of new lung cancer cases over the past 4 decades has dropped 36 percent for men, it has risen 84 percent for women.

That is why I am proud to cosponsor H.R. 2222, the Women and Lung Cancer Research and Preventive Services Act. This bill would evaluate and identify opportunities for more research, preventive services, and public awareness campaigns.

Research shows that there is a disparate impact of lung cancer on women, especially women who have never smoked. More research is needed to understand why this is happening and what can be done to stop it.

Preventing cancer should never be a partisan issue. We should be working together to combat the scourge of cancer for the benefit of patients, families, and survivors. H.R. 2222 is a bipartisan effort that would do just that.

STOP IMPEACHMENT FOCUS TO DEAL WITH BORDER

(Mr. GROTHMAN asked and was given permission to address the House for 1 minute.)

Mr. GROTHMAN. Madam Speaker, I stand first of all to thank President Trump for the work he has done at the border and for something that has been almost unpublicized since the mainstream media is busy focusing solely on impeachment.

In May of this year, over 100,000 people were processed at the border and placed in the United States. In September, that number has fallen to under 1,000, solely because of the efforts of President Trump to keep people who come to this country seeking asylum south of the border and because of agreements reached in countries in northern Central America.

However, we must ask this body to stop solely focusing on impeachment and deal with the southern border, making permanent the policy changes of President Trump. My fear is that if President Trump ever leaves, then the real motivation of this impeachment hearing will become apparent, and that is to return to the days of open borders.
